Restoration Quotation

We are pleased to offer our services. After reviewing your FAMARS shotgun Serial # 29198 we have found that this shotgun is in almost original condition. We **would not suggest** any restoration. Any restoration at this current time will take the gun further away from original condition.

Re-blue barrels:	n/a
Refinish stock:	n/a
Replacement parts:	n/a
Subtotal:	n/a
Total:	n/a

If I can be of any further assistance please feel free to contact me.

Famars di Abbatico & Salvinelli s.r.l.

CERTIFICATO

This document certifies that this shotgun has been submitted for the testing required by law, from the BANCO NAZIONALE DI PROVA DELLE ARMI DA FUOCO PORTATILI di GARDONE VAL TROMPIA. The official markings imprinted on the shotgun and this certificate confirm that this shotgun meets the governmental requirements. The depth of the chamber and the bore diameter are located 23 cm from the breech and the weight of the barrels is marked on the barrels themselves.

Every gun produced by FAMARS di Abbatico e Salvinelli srl is hand crafted in our factory located in Brescia, Italy. Each gun is one of a kind and is hand constructed by skilled gunsmiths and master engravers. This certificate attests that this gun, with the listed serial number, was in fact produced in our factory by the hands of our master gun makers on the stated date. COA FAMARS.
