Dear Sirs,

Thank you for your letter dated February 6th ordering a pair of ivory handled turnscrews with gold plating. We note that your specification shows gold plated blade. We would advise that this is very rarely done and would not be the sort of thing which would have been supplied by Westley Richards. We would suggest instead that the blade be polished steel with the inscription Westley Richards & Co, but we would gold plate the ferrule. If you disagree with this, would you please let us know as otherwise we shall proceed as outlined above.

With reference to the other two weapons we have no record of the Westley Richards T 2618 but would advise that it was made in 1906.

The Jeffery has been researched and the record reads as follows:

"28871 .400 bore 3 1/4" case. Top lever, bar sidelock, 24" steel barrels, standard 2 spring leaves to 300 yards, ivory-bead and folding sight. Anson forepart, pistol grip, swivels with sling, scroll engraved. 10 1/2 lbs.

originally sold for £100.00 "

Yours faithfully,

C. Kentes

Dear Mr. West,

We thank you for your order of the 23rd. of June.
Unfortunately, although we have tried to find a
supplier for Water funnels and rifle calibre extractors,
the only items we can supply you with are the leather
sling and the disc key for the Jeffery.

The disc key is being made and as soon as we have it
ready we will send it to you with the leather sling.

Yours faithfully,

J.P. Crump
