ESTIMATED MARKET VALUE AND DATE:

p17/99

Doug:

This is clearly the N. Baye equivalent
to your J.P. Bed. As you can see, it has
all the "beels and whistles" and more. Clearly
the first relief coming on our Baye.
Not to mention that it was made for

John Armstrong.

48" dbl 64" OA.

Perfect condition, no faults. great wood.

If there is a must this is one!
