CONFIRMATION

Please look over your invoice to insure that everything we discussed on your rifle order is correct. If you see a problem with the order then please let us know within a week as to whether you want a change made. If there is something that you do not understand please feel free to give us a call and go over this order. It is very important to us here at Jarrett Rifles, Inc. to get your order correct.

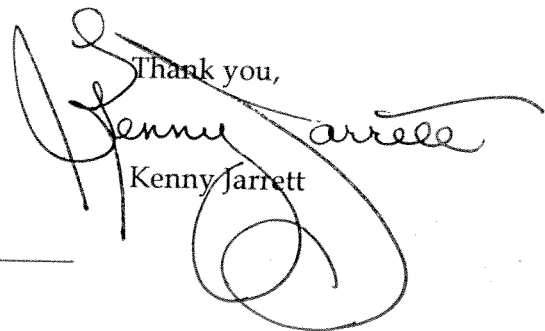

We also require for the customer to make half payment of the total invoice cost at the time of returning the confirmation sheet. No job will be started until half payment is made.

The other half of the payment will be required when your rifle is completed. You will be notified approximately two weeks before your rifle is ready to ship. At this time we require payment to be made by the end of the two weeks. We at Jarrett Rifles, Inc. reserve the right to sell your rifle if the second half of your payment is not made within a 60 day time frame. If you can not make your payment time and your rifle is sold than we will return to the customer the cost of the action, his 1/2 payment and there will be a \$500.00 handling fee.

Our rifles do not come with a guaranteed delivery date. We will give you an estimated time of delivery and try to deliver your rifle at that time, due to stock orders and other factors not in our control; guaranteed delivery time is not possible. Due to our high accuracy standards we reserve the right to choose the bullet of known accuracy standards. If you choose to specify a given bullet for the development of your rifle you may do so, but with the knowledge that if it does not meet our accuracy standards your rifle does not come with the 30 day money back guarantee.

When you receive your rifle, we want you to shoot your rifle within 30 day's of delivery. If you are not completely satisfied then you may return everything sent to you for a complete refund. Please note that 30 days is the maximum time to hold a rifle and return it for a refund. If you fail to check the rifle in the 30 day trial period we consider you satisfied with your purchase.

We at Jarrett Rifles, Inc. look forward to having a good working relationship with all of our customers and know that at the time of delivery you will be a satisfied customer.

Thank you,

Kenny Jarrett
