

New Haven, Conn.

October 3, 1984

Mr. William D. Phifer
& Metal Masters, Inc.
14410 E. Nelson Avenue
Industry, CA 91744

Dear Bill:

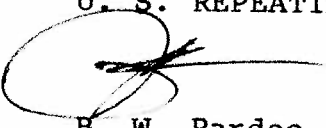

In response to your recent request for a letter on your Model 21, serial number W33051, the below mentioned information should cover the subject.

This Model 21 is the last of the Pigeon Grade Model 21's begun by Olin-Winchester. The rib is engraved "Custom Built by Winchester." This piece included two sets of barrels, the first was 20 gauge 28" with the right modified and left full. The second set of barrels were 26" in length with the right barrel improved cylinder and the left barrel modified. Both barrels were 3" chamber and ventilated rib. The stock and forearms are full fancy American Walnut, oil finish. The design is straight grip with a checkered wood butt.

I trust the above information is of assistance.

Sincerely,

U. S. REPEATING ARMS COMPANY

B. W. Pardee, Manager
