Mr. W.D. Phifer
4830 Sportsmans Drive
Anchorage, AK 99502

Dear Bill:

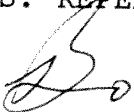

This special eight gun set of .410 bore Model 21's is the only one of it's kind in existance, at least factory issued.

The set, serially numbered W34006 through W34013, grade one right through Grand American, makes it extremely unique in that it shows all engraving patterns ever offered through the Custom Shop along with the consecutive serial numbers. All engraving was accomplished by Alvin White, each gun is signed by him.

The specifications of each piece includes 26" ventilated .410 bore barrels with the term ".410 Matched Set" engraved in the rib. The numbers one of eight through eight of eight are engraved on the trigger guard bow. Your initials are also enclosed in the pattern itself. There is an hand engraved horse and rider, also done by Alvin White, in the gold oval on the under side of the each stock. All guns include 21A carving, except for the Grand American, which is 21B carving. Each stock is matched, with hand rubbed oil finish, and straight grip guard bow. Measurements include a 14 1/4" length of pull, 2 1/4" drop at the heel, 1 1/2 drop at the comb and a 1 1/2 drop pitch. Each stock also incorporates a checkered butt.

Congratulation on owning this fine set, I hope you will enjoy many years of pleasure with it.

Sincerely yours,
U.S. REPEATING ARMS COMPANY
