

44" unsigned Bbl. However this rifle
is certainly attributable to Jacob Alb-

right Junior of Center Co. Pa. The
the stepdown tail of the lock side-
plate, crescent moon inlay and toe
plate, bone cheek piece, tulip forestock
inlays as well as the pb design are char-
acteristic of his work.

Repairs to
several shrinkage cracks are evident
as well as a reconversion to flint
lock.
