R.C. ZSg.

It was, indeed, a pleasure getting 1
letter about Finner's last week. Thank
for your kind words about my article.
has served to uncover a number of
guns, such as yours, that were in the
Grade 3 Guns are rather scarce. Buyer
made the jump from Grade 2 to Grade 3
Your gun sounds quite nice and I will
on your interest in selling to Warr
in Pa. He is a serious collector of F1
I enjoyed Wilt Snyders letter as
and I have become good friends in
last few years.

I'm working on an article about
ZS's both old and new. I have one

newly manufactured guns to compare
with the originals.

I have 4 4E NID 28's and it
should make for an interesting article.

I'm going to visit the new Africa
Classic Rifle factory tomorrow, shoot
some birds and visit the Rochester Gun Sh
this weekend.

Thank you again for writing

Sincerely
