

ROE S. CLARK
ARMS HISTORIAN

R.D. 1 - Otis Stage Rd.
Blandford, MA 01008

June 2 1986

STEVENS
SAVAGE
FOX

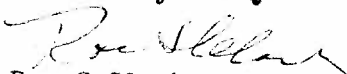

I have checked the serial number records for the Fox gun, number 27223, at the Savage Plant for information, and found the following. This was a 12 gauge grade "CE" with 28" barrels choked Full and Full. The stock had a 1 1/8" pull and a half pistol-grip. The gun weighed seven pounds, seven ounces.

This gun was shipped to Ernie Myern, December 12 1921. No address was listed for the consignee.

The 1921 catalogue shows this model listing for \$115.00.

I am sorry for the delay in getting back to you, and hope this information will be of interest to you.

Yours very truly

Roe S. Clark

You will find enclosed information on an Ansley Fox double gun which I have for sale. I would appreciate it very much if you could give me any suggestions you might have on the disposition of this shotgun.

In several catalogs I have looked at the current price would run at retail from \$1,600 to \$1,800.

Please let me know should you have any interest in the above.

My phone is (904) 231-4804.

Sincerely,

W. H. Allen, Jr.
