CERTIFICATE OF INVENTORY & DISPOSITION VON LENGERKE & DETMOLD RECORDS

Greifelt Grade No. 1 Over/Under Shotgun
Serial No. 30988

Greifelt shotgun, serial number 30988, was received into the inventory of Von Lengerke & Detmold on November 11, 1926 and entered on page 81 of VL&D Inventory Book No. 1. The firearm was described as a Grade No. 1 Over/Under shotgun. Further specifications for this firearm include:

Gauge:	410 bore
Barrels:	26 inch barrels, with ejectors
Chokes:	Full & Full
Weight:	4 pounds, 6 ounces
Dimensions:	2 5/16 in. Drop @ Heel x 1 3/8 in. Drop @ Comb x 14 1/4 in. LOP
Stock:	Half Pistol Grip

On December 13, 1926, Greifelt 30988 was sold to "Mrs. G.H. Wetherill" in the New York store of Von Lengerke & Detmold and charged to her account. The catalog price of the Greifelt Grade No. 1 in 1926 was \$450.

On December 14, 1926 Greifelt 30988 was returned to A&F by "G.H. Wetherill" and the shotgun was re-entered in the Greifelt inventory on page 82 of Inventory Book No. 1 with the same specifications as previously recorded. Unsold in the remaining days of 1926, the shotgun was transferred to the 1927 inventory on page 83 as previously described. The shotgun was unsold in 1927 and was transferred to the 1928 inventory as previously described except the name of the previous owner was further identified as "Mr. G.H. Wetherill". The shotgun appears on page 260 of Inventory Book No. 1.

In 1929 Von Lengerke & Detmold was purchased by its competitor, Abercrombie & Fitch, and the VL&D inventory was combined with the existing A&F inventory in A&F Inventory Book No. 5. Greifelt 30988 was entered on page 197 as previously described at VL&D except that the stock dimensions were recorded as follows:

Dimensions: 2 7/16 in. Drop @ Heel x 1 1/2 in. Drop @ Comb x 14 1/4 in. LOP

The shotgun was unsold in 1929 and was re-entered in the 1930 A&F inventory on page 237 of Inventory Book No. 5. The specifications were as previously recorded except that the Drop @ Heel was transcribed in error as 2 1/16 inches.

On May 23, 1930 Greifelt 30988 was sold to "H.P. McIntosh, Jr." in the New York store at a price of \$450.

Griffin & Howe confirms that this information was extracted from the original Von Lengerke & Detmold Records, Inventory Book No. 3, pages 81, 82, 83, & 260 and the Abercrombie & Fitch Records, Inventory Book No.5, pages 197 & 237 on January 9, 2014.

NOTES ON

Greifelt Grade No. 1 Over/Under Shotgun Serial No. 30988

The model of Greifelt Over/Under, number 30988, was recorded in the VL&D records as a Grade No. 1 shotgun. The shotgun was received in inventory on November 11, 1926 and entered on page 81 of VL&D Inventory Book No. 3. VL&D began importing Greifelt shotguns in 1922 but almost all of the early imports were side by side models with the occasional combination or three-barreled gun imported. In 1923, VL&D received a few Over/Under Greifelt shotguns and by 1925 the O/U's made up the majority of the Greifelt imports. The distinction in the grade of the O/U's did not appear until May 5, 1925 with the additional notation of "#1 Quality" and "#2 Quality", number 1 Quality being the better grade. Similarly, this grading first appears in the 1925 VL&D catalog. The notation regarding the grade can be seen on the right side of the photograph of page 81 (enclosed) of the VL&D records. By 1926 a Grade 3 had been added to the models of grade #1 and #2. It should be noted that at a retail price of \$450 for the Grade #1 Greifelt in 1926, the cost of the shotgun was a considerable sum of money, especially considering that in 1928 the newly introduced Ford roadster could be bought for less than \$400.

A new inventory was prepared at Von Lengerke & Detmold and Abercrombie & Fitch each February 1st. Firearms not sold in one year were re-entered in the next year's inventory on February 1st followed by the newly arrived guns in chronological order. There are six photographs of VL&D and A&F record pages with entries for Greifelt 30988. Page numbers are located in the upper right or left hand corner of the pages. The correct order of these six record pages is as follows:

Page 81 – VL&D Inventory Book No. 3 – Greifelt 30988 was entered into the 1926 inventory as a new gun on November 11, 1926 and appears as the sixteenth entry from the bottom of the page. The date of acquisition is in the leftmost column followed by the gauge, barrel length, weight, stock dimensions, chokes, ejector designation, type of firearm (O/U), and type of grip (1/2 P.G.) The date of disposition and the name of the buyer are in the middle of the page followed by the Grade of the shotgun. The shotgun was sold on December 14, 1926 to "Mrs. G.H. Wetherill" but was returned the following day and re-entered as described below.

Page 82 – VL&D Inventory Book No. 3 – Greifelt 30988 was re-entered into the February 1926 inventory and appears as the fourth entry from the top of the page. The shotgun was unsold in 1926 and was entered in the 1927 inventory as described below.

Page 83 – VL&D Inventory Book No. 3 – Greifelt 30988 was re-entered in the February 1927 inventory and appears as the sixteenth entry from the bottom of the page. The shotgun was unsold in 1927 and was entered in the 1928 inventory as described below.

Page 260 – VL&D Inventory Book No. 3 – Greifelt 30988 was entered into the February 1928 inventory and appears as the fifteenth entry from the bottom of the page. The shotgun was unsold in 1928 and was transferred to the 1929 A&F inventory when A&F purchased VL&D in 1929.

Page 197 – A&F Inventory Book No. 5 – Greifelt 30988 was entered into the February 1929 A&F inventory on February 1st and appears as the final entry on the page. The shotgun was unsold in 1929 and was re-entered in the 193 inventory as described below.

Page 237 – A&F Inventory Book No. 5 – Greifelt 30988 was entered into the 1930 inventory and appears as the fourteenth entry from the top of the page. On May 23, 1930 the shotgun was sold to “H.P. McIntosh, Jr”.

Prices of the firearms began to be entered on the record pages in 1926 but only for those firearms that were sold. The price of the Greifelt is written in code on page 237. This code is based upon the word H-Y-D-R-O-P-L-A-N-E, where H=1, Y=2, D=3, etc. The number ‘0’ is indicated by the letter ‘E’, however, the letter ‘X’ is alternately used to indicate an additional ‘0’. Using this code it can be seen that the cost of 30988 on page 237 was entered as ‘ROEXE’ which would be the equivalent of \$450.00.

Of the two owners whose names appear in the VL&D records, the first, “H.G. Wetherill”, has been impossible to identify.

The second owner, “H.P. McIntosh, Jr.” is almost certainly Henry Payne McIntosh, Jr, born in Cleveland, Ohio on November 23, 1884. Mr. McIntosh was a bank executive and served as a director or officer of several other companies in and around Cleveland. A brief biographical outline is enclosed. Henry Payne McIntosh, Jr. passed away on April 16, 1951.

I hope that this information adds to the appreciation of your firearm. If we can be of any further assistance, please let us know.

V L & D Greifelt Over and Under Ejector Guns

In offering the "Greifelt" Over & Under Ejector guns to our patrons, we do so with the full knowledge that the Greifelt is the best of all the continental made Over & Under guns. V. L. & D. have made exhaustive tests and have studied this particular type of gun and have found it to be made of the best material, is finished and fitted better and will stand up and shoot better. The Greifelt Over & Under is made along English lines which appeal so strongly to the American taste. The Greifelt Over and Under is made in any gauge from 410 to 10 Gauge in either 26, 28, 30 or 32 inch barrels with any combination of boring either cylinder. Improved cylinder, modified or full choke. The barrels are made of Nitro proof fluid steel with ventilated rib and solid matted rib, and every one of these barrels are proved in the Government proof house. The stocks are made of selected walnut. The locks are made of fine quality highly polished steel. The whole gun throughout is so finely finished and well balanced that it must be seen to be appreciated. The weights range in proportion to the gauge and length of barrel from 4 pounds 4 ounces to 9 pounds 12 ounces.

Grade No. 1. Price of 10, 12, 16, 20 and 28—410 gauge\$450.00
Grade No. 2. Price of 10, 12, 16, 20 and 28—410 gauge\$350.00
With Ventilated Rib Extra \$ 35.00

V. L. & D. GREIFELT THREE BARREL HAMMERLESS GUNS

V. L. & D. Greifelt Three Barrel Hammerless Guns are supplied with Bohler Special Steel Barrels, Greener cross bolt and lateral safety, dolls head extension rib and side clips to action. Patent snap fore-end, matted rib and indicators. Fine English scroll engraving and selected walnut stocks.

By breaking the gun, the shot and rifle barrels are cocked. To shoot the rifle, the top safety must be pushed forward, this automatically raises up the rear rifle sight and releases the rifle barrel. Otherwise the two shot barrels are ready to be fired upon release of lateral safety. By pressing forward the right hand trigger, it is made a set trigger. Weight 7 1/4 to 9 pounds. Carried in stock in 12 gauge, 27 inch barrels, 30 W. C. F. (30-30) rifle cartridge. Made to order in any other gauge or rifle calibre. Price \$300.00

Greifelt & Co. have unsurpassed facilities for producing double barrel rifles in any caliber or design; also bolt action rifles especially suited for American cartridges. Greifelt & Co. have lately produced a number of splendid 250/3000 and .30 caliber bolt action rifles to special order. Greifelt & Co. can also produce fancy finished guns of all prices. Inlaying in gold, silver or platinum, gold or silver plating, engraving, carving or fancy checking is done in the most artistic manner by their own employees.

VL&D Greifelt Over and Under Ejector Guns

In offering the "Greifelt" Over & Under Ejector Guns to our patrons, we do so with the full knowledge that the Greifelt is the best of all the continental made Over & Under guns. We have made exhaustive tests and have studied this particular type of gun and have found it to be made of the best material. It is finished and fitted better and will stand up and shoot better. The Greifelt Over & Under is made along English lines which appeal so strongly to the American taste. The barrels are made of Nitro proof fluid steel and every one of these barrels are proved in the Government proof house. The stocks are made of selected walnut. The locks are made of fine quality highly polished steel. The whole gun throughout is so finely finished and well balanced that it must be seen to be appreciated.

GRADE NO. 1

This grade is handsomely engraved with English style of engraving and game bird scenes around the action, breech encased with relief engraving, top lever, trigger guard, tang and fore-end tip are beautifully engraved. Constructed with Greener double cross bolt, Purdey style fore-end, automatic ejectors. The barrels are made of nitro proof fluid steel with ventilated or solid matted rib. Stocks are made of selected walnut in either straight or pistol grips, hand checked. Locks are made of highly polished steel. Grade No. 1 Greifelt Over & Under guns are made in 12, 16, 20, 28 and .410 gauge in either 26, 28, 30 and 32 inch barrels with any combination of boring, either cylinder, improved cylinder, modified and full choke. The weights range in proportion to the gauge and length of barrels from 4 pounds 4 ounces to 8 pounds 4 ounces.

Price Grade No. 1, 12, 16, 20 and 28 Gauge.....	\$435.00
Price Grade No. 1, .410 Gauge.....	500.00
Price Ventilated Rib, Extra.....	40.00
Price Single Trigger, Extra.....	35.00

GRADE NO. 3

Our No. 3 Grade is not as elaborately engraved as the better grade, but the same principles of construction have been embodied in its manufacture. The neat border line engraving together with the conservative amount of English engraving on the action makes this grade appeal to the average sportsmen who desire a gun of this type for hard usage rather than appearance. Constructed with Greener double cross bolt, patent snap fore-end, automatic ejectors, Nitro proof fluid steel barrels with ventilated or solid matted rib, selected walnut stocks either straight or pistol grip, checkered. Made in 12, 16, 20, 28 and .410 gauge in either 26, 28, 30 and 32 inch barrels with any combination of boring, cylinder, improved cylinder, modified or full choke. Weights range in proportion to the gauge and length of barrels from 4 pounds 4 ounces to 8 pounds 4 ounces.

Price Grade No. 3, 12, 16, 20 and 28.....	\$325.00
Price Grade No. 3, .410 Gauge.....	400.00
Price Ventilated Rib, Extra.....	40.00
Price Single Trigger, Extra.....	35.00

V. L. & D. GREIFELT OVER AND UNDER (SHOT AND RIFLE) GUNS

The Greifelt Over and Under combination shot and rifle guns answer the needs of hunters who do not wish to carry a rifle and shotgun, yet need both where small game and game birds abound. The usefulness of this type of firearm around camp would soon be appreciated. Neat in appearance with its fine border line engraving, built with patent snap fore-end, matted doll's head extension rib, folding rear sight, nitro proof fluid steel barrels with solid matted rib, divided forearm, walnut stock, either straight or pistol grip checkered, automatic safety. Made in the following gauges: 12, 16, 20, 28 and .410 gauge with any rifle cartridge in either 24 or 26 inch barrels with any boring, cylinder, improved cylinder, modified or full choke. Weights range in proportion to gauge and length of barrels from 4 pounds 12 ounces to 7 pounds 4 ounces. Carried in stock in 30/30 Cal. Winchester, 25/20 Cal. Winchester, 22 Cal. Winchester, center fire single shot and 22 Cal. Long Rifle rim fire.

Price with Non-Automatic Ejector..... \$175.00

Price with Automatic Ejector..... 250.00

V. L. & D. GREIFELT THREE BARREL HAMMERLESS GUNS

V. L. & D. Greifelt Three Barrel Hammerless Guns are supplied with Krupp Fluid Steel Barrels, Greener cross bolt and lateral safety, extension rib and side clips to action. Patent snap fore-end, matted rib, indicators and automatic rear sight. Fine English scroll engraving and selected walnut stocks.

By breaking the gun, the shot and rifle barrels are cocked. To shoot the rifle, the top safety must be pushed forward, this automatically raises up the rear rifle sight and releases the rifle barrel. Otherwise the two shot barrels are ready to be fired upon release of lateral safety. By pressing forward the right trigger, it is made a set trigger. Weight 7½ to 9 pounds. Carried in stock in 12 gauge, 27 inch barrels, 30 W. C. F. (30/30) rifle cartridge.

Made to order in any other gauge or rifle calibre.....Price \$300.00

V. L. & D. MODEL 1927 GREIFELT THREE BARREL HAMMERLESS GUNS

V. L. & D. Model 1927 Greifelt Three Barrel Guns are furnished with Krupp Fluid Steel Barrels, Greener cross bolt, extension rib and side clips to action, automatic rear sight, border line engraving with a little English scroll engraving which adds to the neat appearance. Pistol grip, walnut stocks. Made in 12, 16 and 20 gauge with any rifle cartridge. Carried in stock in 12, 16 and 20 gauge, 26 inch barrels, chambered for 30/30 Cal. Winchester or 25/35 Cal. Winchester rifle cartridges.

Price \$175.00

Greifelt & Co. have unsurpassed facilities for producing double barrel rifles in any calibre or design; also bolt action rifles especially suited for American cartridges. Greifelt & Co. have lately produced a number of splendid 250/3000 and .30 calibre bolt action rifles to special order. Greifelt & Co. can also produce fancy finished guns of all prices. Inlaying in gold, silver or platinum, gold or silver plating, engraving, carving or fancy checking is done in the most artistic manner by their own employees.

A (Very) Brief History of A&F, G&H, VL&A and VL&D

Abercrombie & Fitch was established in 1892 when David T. Abercrombie opened a sporting goods store under his own name in New York City. In 1900, a client by the name of Ezra H. Fitch, a practicing attorney and outdoor enthusiast, persuaded Mr. Abercrombie to allow him to become a partner in the store, and in 1904 the name of the store was changed to Abercrombie & Fitch. The two partners had differing ideas about marketing, however, and in 1907 David Abercrombie resigned and went out on his own. Ezra Fitch is responsible for the unique sales strategy for the time, where the goal was to provide an environment in which clients could examine outdoor wares as they might actually be used and the sales staff was made up of practiced outdoorsmen. The store occupied several locations over the years and finally ended up at 45th and Madison Ave. in 1917.

Ezra Fitch retired in 1928 and the leadership as president of A&F passed on to James S. Cobb, the brother-in-law of Mr. Fitch. Otis Love Guernsey, a store employee, became vice-president.

Justus Von Lengerke, born in Germany, arrived in the United States at the age of 17 years in 1871. His father had had a sporting goods business in Oldenburg and that gave Justus a background for starting a similar business in America. He formed a partnership with Ernst Detmold and together they opened VL&D in New York City in 1882. Although the store was hugely successful, Justus Von Lengerke should be best appreciated for his contributions to the success of the smokeless powder industry in America. Justus acquired the United States Agency for smokeless powder and is said to have been the first man to fire off smokeless powder in the United States. He promoted the use of the powder through his participation at the many live pigeon shoots that he attended. By 1912, VL&D holdings had been consolidated into the Keystone Powder Co.

The VL&D sporting goods store made a major effort to import firearms from Europe and was as well known as a distributor of guns as they were a retailer. The brands that they imported included Francotte, JP Sauer, Greifelt, Mauser, Mannlicher-Schoenauer, Purdey, Holland & Holland, WW Greener, Woodward, Boss, Lang, Churchill, and GE Lewis.

Justus Von Lengerke also enabled his mother and all of his siblings to immigrate to the United States. One of his brothers was Oswald Von Lengerke, who with hunting companion, Charles Antoine, opened his own sporting goods store, known as Von Lengerke & Antoine, in Chicago in 1891. Although a separate entity from VL&D, the two stores cooperated in their similar ventures.

Griffin & Howe was established in 1923 when Seymour Griffin, James V. Howe, James L. Gerry, and Col. Townsend Whelen came together to create a business to manufacture and repair rifles and shotguns. James Howe stayed with the company only for four months. Ownership of G&H changed in 1929 -30 and the name was briefly changed to Griffin & Hobbs to reflect the new partnership, but that name change lasted only a few months.

When James S. Cobb took over the leadership of A&F in 1928, he decided to expand the business and by 1930 A&F had purchased VL&D, VL&A and G&H. The purchase of VL&D added a significant firearms inventory, the capability to import firearms from Europe, and the addition of several valuable staff, including and especially, George Henry Krug. Mr. Krug had been the vice-president of VL&D and was in charge of the VL&D gunroom. At A&F, he was given the management of the A&F gunroom and it is very likely that it was Mr. Krug who was responsible for the maintenance and preservation of the gun sales records that we have today.

The purchase of VL&A by A&F gave the store an important and reputable outlet in the Midwest and Von Lengerke & Antoine continued to operate under that name even after the acquisition.

The purchase of Griffin & Howe gave A&F the ability to manufacture and repair firearms 'in house' although G&H continued to do business at its own location, with its own inventory and sales staff.

In the late 1950's A&F began to expand further by opening stores in San Francisco, Short Hills, NJ, Palm Beach, Bal Harbor, Colorado Springs, Southampton, and Troy, MI.

However, the shopping preferences of the American public were in flux and A&F could not respond. In 1976 A&F filed for bankruptcy and finally closed its doors in 1977. G&H was purchased from the corporation and exists today under private ownership.

Interpreting the VL&D and A&F Records

The VL&D Record Books begin in 1901 and cover the period through 1929. There are 3 volumes: Book 1 covers 1901 to 1909, Book 2 covers 1910 to 1922, and Book 3 covers 1923 to 1929. Most pages are limited to one make and model and each list for a given year begins on February 1st, probably following a January inventory of the firearms. The books include both new and used firearms. Used guns owned by VL&D are called "Second Hand Guns" while consigned guns are called "Guns Left for Sale".

Although there are exceptions to each of the following, generally the firearms in Book 1 describe only the gauge, barrel length, weight and D@H. The name of the purchaser is recorded if other than a 'cash sale'.

The firearms in Book 2 list the dates of acquisition and sale, most gun specifications and the purchasers but not the cost or price. The firearms in Book 3 list all of the above plus the price at which the gun was sold, in code.

Book 4 is a Von Lengerke & Antoine stock list of for 1913-1914 and includes many gun and non-gun items. The guns in Book 4 show only make, model and serial number. VL&A was purchased along with VL&D in 1929.

Beginning in 1929 the record books are labeled A&F and there are 28 volumes up through 1977. The A&F volumes cover a period of 1, 2 or 3 years. From this point the records show all of the above information in the VL&D books plus the cost to A&F and the retail price of the firearm. These costs and prices are shown in code until Book 16 in 1960 when they began to be recorded in dollars.

A line drawn through a serial number simply means that the gun had been sold. Unsold guns were transferred to the next year's inventory pages as of February 1st. Those transferred are often indicated by a red check mark. A large 'X' drawn across a page indicates that the inventory page had been completed. Serial numbers are almost never written in sequential order; rather they are by date of acquisition.

The name of the purchaser is often shown with an initial instead of the first name. The clients of A&F include some recognizable names and occasionally one will see entries for: WR Hearst, K. Roosevelt, (Kermit, son of TR), or JP Sousa, Jr (son of the conductor) among many others of note.

Stock dimensions, when listed, are in the order: Drop @ Heel, Drop @ Comb, LOP. Grip styles are listed as: "Str" (straight grip), "½" (semi-pistol grip) or "F" (full pistol grip).

Occasionally new gun sales were cancelled or the guns were returned by the buyer and resold. These were re-entered in the new gun listings with the name of the former owner written above the date of acquisition.

All of the records were handwritten by human beings. As such, there is always the possibility of human error. Occasional serial number and date errors have been noted therefore it is quite reasonable to assume that there will be some mistakes in measurements as well. You own a piece of firearms history. Please accept the documents for the historical perspective that they add to your firearm and do not be too disappointed if they fail to meet 21st century standards for mechanical precision or computer accuracy.

Bob Beach

The family residence is at 7311 Euclid Avenue. January 19, 1871, while a bank employee in Alliance, Mr. McIntosh married Miss Olive Manfull, daughter of C. C. and Hannah J. (Shourds) Manfull. Mrs. McIntosh died March 14, 1915. Mr. and Mrs. McIntosh were active members of the Calvary Presbyterian Church, in which he has long been an official, while Mrs. McIntosh found constant opportunity to exercise her charitable deeds through the church and also through other local organizations, particularly the Dorcas Invalids Home and the Home for Aged Women. In politics Mr. McIntosh is a democrat, though a voter for the best candidate regardless of party and never an aspirant for public honors.

He and his wife were the parents of six children : Ralph, deceased ; Fanny, who married John Sherwin, president of The First National Bank of Cleveland ; Alexandrine, who married Robert D. Beatty, secretary and general manager of The Cleveland & Eastern Traction Company; Olive Marie, wife of Edwin H. Brown, vice president of The General Aluminum & Brass Manufacturing Company; Henry Payne, Jr., now one of the vice presidents of The Guardian Savings & Trust Company ; and John Manfull.

Henry Payne McIntosh, Jr., vice president of The Guardian Savings & Trust Company, is one of Cleveland's young men of college training and prominent social affiliations who have made a notable success in business affairs. Mr. McIntosh is a son of Henry Payne and Olive (Manfull) McIntosh, of whom reference is made on other pages of this work.

Mr. McIntosh, Jr., was born at Cleveland November 23, 1884. He was educated in the University School of Cleveland and completed his training in the Wharton School of Economics at the University of Pennsylvania. He is a member of Sigma Chapter of the Zeta Psi of Philadelphia.

During several vacations and while still in college Mr. McIntosh was employed as a messenger in The Guardian Savings & Trust Company. From college he went directly into the bank, in the real estate department, and for several years served as assistant real estate officer. In April, 1916, he was made assistant secretary of the bank and in June of the same year was promoted to vice president.

Besides his active official relations with this bank Mr. McIntosh is vice president and director of The Hydraulic Pressed Steel Company, secretary and director of The General Aluminum & Brass Manufacturing Company, treasurer and director of The Cleveland Brass & Copper Mills Incorporated ; and is also a director in the following well known institutions: The Cleveland National Bank, The Standard Parts Company, The Standard Tool Company, The Cleveland & Eastern Railway Company, and The Cleveland & Chagrin Falls Railway Company.

For three years Mr. McIntosh was a member of Troop A of the Ohio National Guard. He is a member of the Union Club, the Hermit Club, the Country Club, the Cleveland Chamber of Commerce, the Cleveland Bankers Club and Cleveland Automobile Club.

February 19, 1908, he married Miss Isabel Strong, daughter of Harry B. and Jennie (Gregory) Strong of Cleveland. Her father is a member of the firm C. H. Strong & Son, general contractors. Mr. and Mrs. McIntosh have two children, both born in Cleveland, Henry P. McIntosh III, and Gregory Strong McIntosh.

Notes on Limited Restoration Work

The gun was acquired by its current owner in January of 2014. The following notes pertain to the period after this acquisition.

The original horn buttplate was severely chipped and cracked through. Paul Hodgins, gunstock maker formerly of Holland and Holland, fashioned a new horn buttplate and refreshed some of the worn checkering.

The buttstock and forend were quite soiled and the wood was cleaned and reoiled.

The action appears to be an older reblue but nothing was done to the barrels or metal. The Grade 1 engraving was confirmed to have been performed by Emil Schlegelmilch, master engraver at Greifelt in 1926.

The Abercrombie and Fitch case is correct to the period the gun was sold in 1930. The case interior and some of the leather were completely dilapidated and unusable. The case was restored by Huey Gun Cases. The trade label is a reproduction and the snap caps are new.

Invoices for the work performed by Paul Hodgins and Huey Cases are included.
