VICE-PRESIDENT AND WORKS MANAGER

581 CAPITOL AVENUE

HARTFORD, CONN.

APRIL 12, 1944

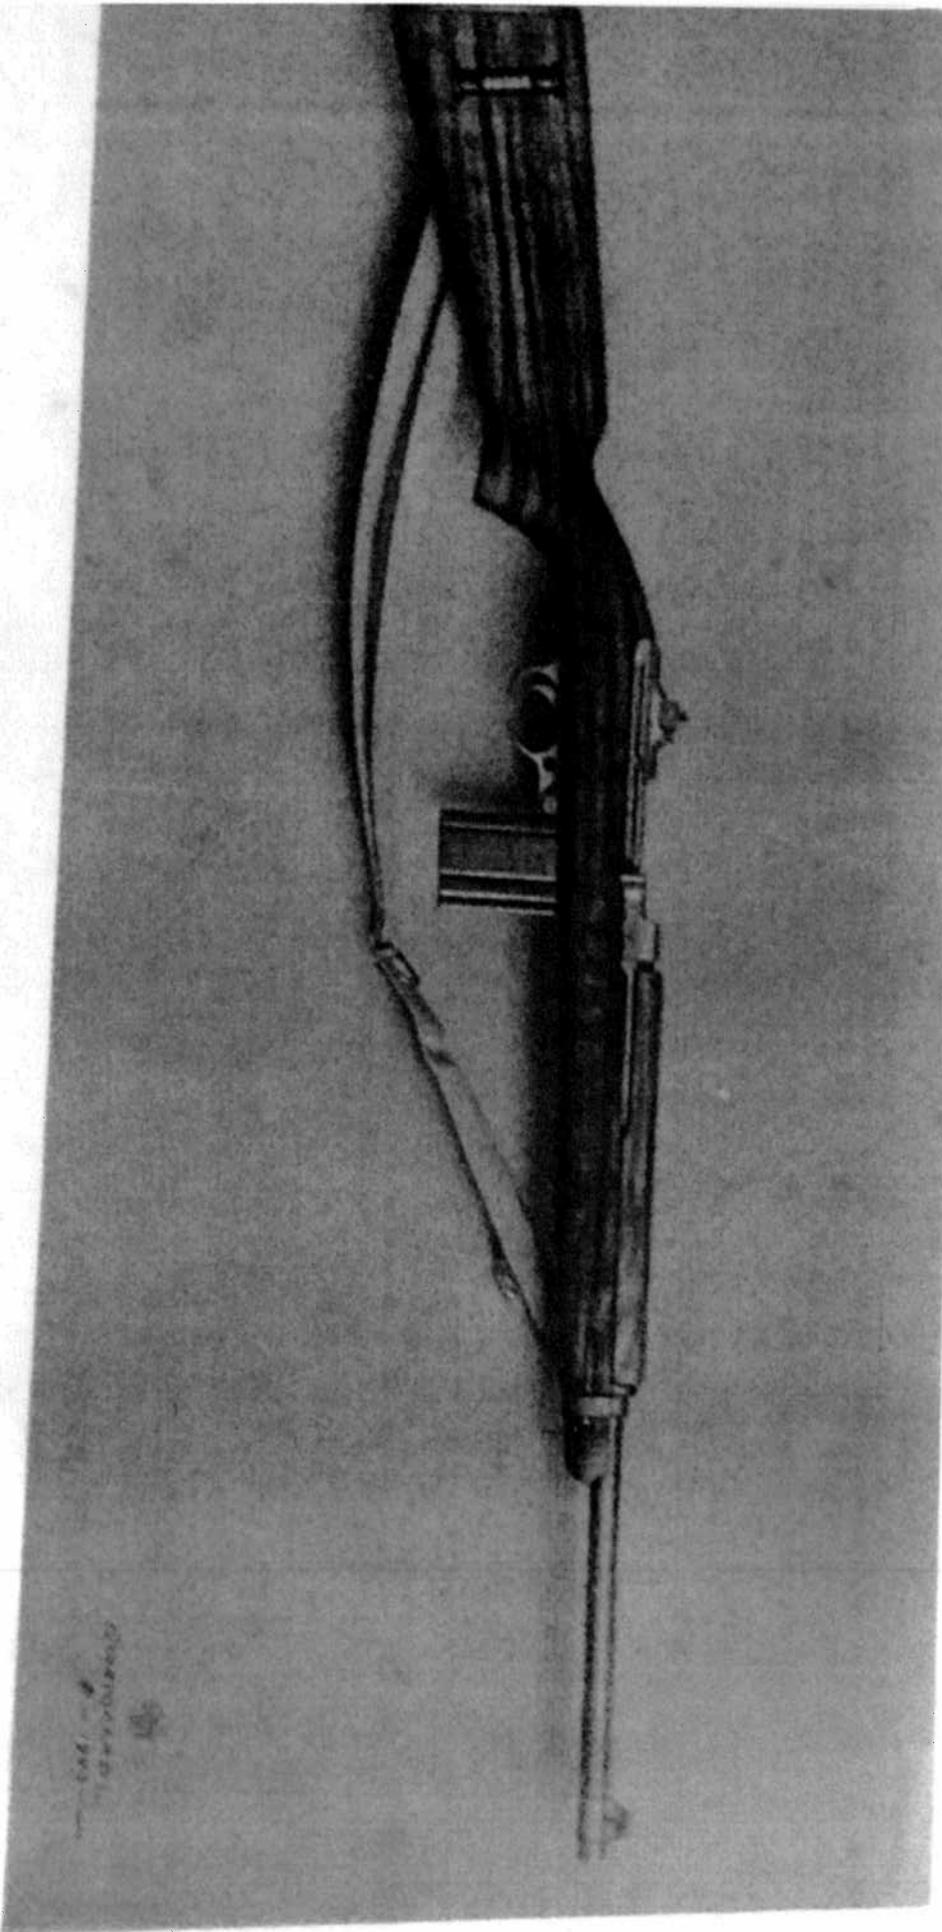

To Employees of the Hartford Works:

It gives me great pleasure to give to you on behalf of the Company this reproduction of a painting recently completed of the Carbine which every employee of our Company had some part in producing.

As we approach the end of the production program for this weapon, I believe that you will be glad to have a copy of the painting.

Sincerely yours,

Design for Victory

We are proud to be
one of the largest manufacturers
of the U. S. Carbine, Caliber .30 M. 1.,
the streamlined simplicity and efficiency of which
inspired the title, John W. de H. Quastgaard,
in call this painting "Design for Victory."
