Dear Mr. Reed,

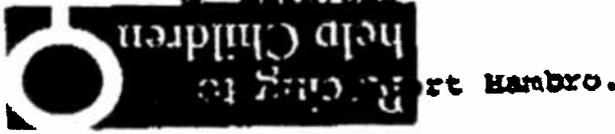

I have pleasure in writing to confirm that I have been instructed to reserve in your name a pair of second-hand 12 bore Holland & Holland Royal model hammerless ejector sporting shotguns, Nos. 23363/4, to which we have just completed the fitting of new 27" barrels, chambered for the 2 1/4" cartridge, bored Right barrel quarter choke; Left barrel half choke. They have single trigger mechanisms and are now available for stock alterations, etc.

I hope that it may be possible for you to come to London within the next few weeks, when you would be able to visit our shooting grounds so that you could try out the guns and be fitted for them. We could then make the necessary adjustments to the stocks so that the guns will be ready for you by the beginning of the coming season. If this is not possible, we will have one of our senior instructors operating in the New York area towards the end of May, and I could send you details of his visit, so that you could arrange an appointment with him while he is there. He will be able to take your full measurements and relay them to us, so that we should still be able to complete by next August.

Yours sincerely,
