Your rifle is finished (finally) and I want to return it by UPS 2nd Air-insured etc. but I want to be sure you will be there to receive it. It's too valuable of a rifle to take chances of being lost or damaged to send regular UPS.

I left a message on your answering machine several days ago but I did not get a phone call back from you. I thought maybe you were out of the country or somewhere.

Would you please call me and let me know where you want it sent (to your office) and when you are sure to be there?

- The rifle looks "as new" possible!

Wishing You the Best

Alan
