This serial # on the shipping ledger sheet to get a Xerox (or similar) copy of that page as well as your usual letter. This would help me compile some information on these New Lines.

If this is not possible or practical could you give me the Air #'s of the other New Lines in the shipment (unless it is a very large shipment) + if any were special order, engraved, lined etc.

I hope all this is not too much trouble. I enjoyed my visit with you in Hartford in Oct.

Yours truly,

Dear Mr Wagner

Enclosed is a \$6.00 money order for historical information on New Fire Revolver "Coet New 30" Ser # - 3806. This revolver is engraved & has pearl grips & appears to have a "gold wash" on the round inspection plate & the cylinder. It has a nickel or silver finish otherwise.

Thank you for your past courtesies.

In the last letter you said the Coet New 38 was equipped with a "long gate". Does this mean loading gate. (your letter of June 29, 1967).

Yours truly,  
Robert G. Coe
