Sir,

We have today received from Captain James Purdey your letter of the 2nd of June addressed to Mr Charles R. Nash of New York with reference to the 20 bore gun of our make No.19702.

We find from our records that this gun was built in 1909, and the original boring was Right Tight cylindre and left modified choke.

We very much regret that we cannot give you the name of the customer for whom this gun was built, as it is our custom never to divulge this information.

We are returning herewith your letter to Mr Nash, and we should be only too pleased to give your an furthe information or advice with regard to our guns that you may require.

Assuring you of our best care and per onal attent

to your wishes at all times.

We are, Sir,
