I have personally examined Winchester Model 1886 Deluxe Sporting Rifle 33WCF #147849 and, in my opinion, find it to be factory original in every respect with one possible exception of the gold inlay, as mentioned below:

## FEATURES:

1. 24" Round Rapid Taper Barrel
2. Half Magazine with take-down feature.
3. Pistol grip with Winchester Grip Cap.
4. Shotgun butt with Winchester hard rubber butt plate.
5. DeLuxe Wood.
6. "W" style, checkering on forearm and pistol grip.
7. #9 Factory engraving. (See P. 228 "THE BOOK OF WINCHESTER ENGRAVING"-R.C. Wilson)

There is an oval shaped gold inlay on top of the stock near the butt, engraved in two lines:

J.H. POOLE  
Detroit

This item may or may not be original from the factory.

Sincerely,

JOHN F. MILLER
