Attn: Mr. Marty Huber

Dear Mr. Huber:

Please send historical information on Colt New Line-
caliber 41- serial 5009. This particular piece is
nickel plated with gold wash hammer and cylinder-
engraved and cased.

Enclosed is my check for \$15.00. Thank you for your
past courtesies.

Very truly yours,

Robert G. Cox

P.S. You have previously received letters on three other
New Lines from me and one request from R. L. Wilson
on a piece he sold me. It might help in your search
to try to locate all these 41 caliber New Lines as they
should not be too far distant in the shipping records
as they are in a very tight serial number range.

New Line 41 caliber models:

No. 5009 - in this letter

*See letter
Policecom* No. 5014 - this is the one R. L. Wilson requested

*Another
letter* No. 5025 - in a letter approximately 9 months ago

No. 5204 - my letter of March 28, 1974

Hope grouping these serial numbers together makes
the search easier and more fruitful. Thanks again.

Dear Mr Wagner:

Enclosed is a \$6.00 money order
for historical information on Colt
Police Model Ser # 17580. This is
the New Line type police model + has
the police + Thug grips, is cased,
has 6" BBL marked Colt 32 (at end
on left hand side of BBL. 32 also marked
on frame + is 32 colt CF. Tinsam
etc all all same as on 38 + 41
caliber Police + Thug model + I
assume it is new line in the same
series as the other police + house
pistols. Were there many 32 col
Police pistols? It has the usual
ejector on rt side of BBL.

Thank you for your recent
letter regarding the engraved, cased New
Line 41 col CF. I am very much

interested in the New Line (+Police +
House Pistols). The information
telling me the 32, 38 & 41 pistols
are numbered in one series is helpful,
however I have 2 New Line
38 caliber with numbers higher
than the 9990 you mentioned as
the highest number in Regular
new line 41. I assume that
they (# 11168 + # 12297) were
still numbered in the Police +
house pistol series. Is this
correct? If you wish I
will send an inquiry letter
on each of them.

Yours very truly,

Robert G. Cox

P.S. I am trying to determine the ser. #
range for each of the New Line Calibers
& the dates of mfg for each caliber
& the House + Police models. Thank.
