*Personalized  
& Handcrafted  
for the  
Discriminating  
Sportsman*

For more than a century, Winchester custom-made guns have been prized by those who seek excellence in personalized gunmaking. This tradition is continued with today's Winchester rifles and shotguns which can be individually tailored to the specifications of discriminating sportsmen. These superb guns are personalized and handcrafted by the expert gunsmiths of the Custom Gun Shop.

Custom Winchester Model 70 Rifles are available as shown in Custom Grade Featherweight, Custom Grade, and Custom Express. These exquisite custom rifles can be further embellished and personalized at additional cost. Or your own special sporting arm can be crafted with decorative hand engraving, inlaying of precious metals, custom stock and wood carving.

The following Winchester rifles and shotguns can be custom made to owner specifications by special order: Model 70 bolt action rifles, Model 94 and Model 9422 lever action rifles, in their various calibers.

Due to a strong demand for guns from The Custom Shop, many models are subject to lengthy lead times. Please place your orders early to insure delivery when needed. Please consult with your local retail dealer about placing your order.
