

HOLLAND & HOLLAND
LONDON

27 December 2005

T BLVD.

Thank you for your recent request for the history on Holland & Holland Shotgun Serial No. 40154.

I can confirm that the serial number 40154 is true Holland & Holland's records, the rest of the information on the gun was illegible. We do apologize for not having more information for you, but as with many of the older gun companies the gun facts were often written by hand with a pencil and through the years have faded.

If there is anything else I might be of help with in the future please do not hesitate in contacting me.

Best regards,
David Cruz
