JUL 24 89

It was very enjoyable meeting you and sharing our interest in guns and hunting.

The following are the points discussed concerning the engraving of the Parker Reproduction 28 gauge:

- Single trigger
- Splinter forend
- English stock
- 26" 28 gauge IC/M
- 28" 28 gauge M/F
- 26" .410 bore IC/M 28" if available
- Check finish of forend interior
- Engraver to place his name at side of trigger
- Brittany or grouse on floor plate in Bulino with defined outline at Buyers choice.
- Floral or scroll engraving, if floral with stipple background. *[via phone 8-4-89 @ 9:00 am - Jack Seubert*
- Full profile pierced top Lever to match engraving, rounded profile piercing.
- Barrel wedge to match scale of Persuader with Stippled background in floral.
- Coverage on top tong same as 049.
- Top lever same as 049.
- Top tong; if scroll, same a 058 plus under tong engraving.
- Safe, L and R in gold
- Side engraving at trigger same as goose gun.
- Cameo on floor plate area same as 056 with open background in deep Bulino with profile outlined.
- Parker in gold, raised, with stipple background same as 056. (Customer very particular about gold lettering.)
- Screws to have A-1 Engraving
- Engraved hindge pin.
- Engine turn receiver water table; no turning on barrel.
- Hatch mark muzzle and breech.
- Engrave border at muzzle.

- Serial number in raised gold with stippled background to match receiver.
- Sculpture forend tip with this the same as A-1 persuader.
- Skeleton iron to have full coverage with border.
- Engrave selector and safety button.
- Substitute Huey case for credit.
- Wants dark wood.

Allan, we can send you a sketch prior to starting the engraving.

Please keep m in mind if there is a spare bore available at your hunt club.

Give my best wishes to Bill or Tom Rieger.

Sincerely,

J. T. Skeuse
VICE PRESIDENT
PARKER REPRODUCTION
