Subject: Adam Ernst Rifle

To Whom It May Concern:

I have thoroughly examined the Adam Ernst rifle with the following results:
The lock is a reversion from percussion to flintlock and the lock plate is original . The remainder of the rifle is in excellent condition with its original barrel and stock. The barrel loops have never been disturbed and stock is original length.

A handwritten signature in cursive script that reads "Frederick L. Schry". The signature is written in black ink and is positioned above the printed name.

Frederick L. Schry
