President, CEO

Congratulations!

You are now the owner of a Colt firearm. The Colt name on handguns and long guns has meant quality and reliability to American sportsmen since 1836. The firearm you have purchased was built to exacting quality control standards with traditional Colt craftsmanship. We hope you will enjoy many years of pleasure with your new Colt and be constantly reminded that **QUALITY MAKES IT A COLT**.

Read the Instruction Manual carefully and completely to ensure safe operation. Should you now, or at any time in the future, have a question concerning your Colt firearm, please write the Customer Service Department in Hartford, Connecticut.

If your gun should need service, as outlined in the back of your Instruction Manual, please forward your gun to one of the *Colt Authorized Repair Service Stations* shown on the listing enclosed with your gun. (If this list has been lost or destroyed, a new one may be obtained by contacting the factory.) This network of Repair Service Stations has been established for your convenience and to enable us to return your gun to you in the shortest possible time.

Our objective here at Colt is to earn your confidence and satisfaction with a quality product and the kind of service you have come to expect when purchasing a Colt product. You have our assurance that we are firmly committed to that end and are making an earnest effort at every level to achieve it.

In closing, we would like to express our thanks for your choosing Colt and if we, here at the factory, can be of service, please do not hesitate to contact us. With your continued support, we will ensure that "*the Colt Legend Lives*" and earn your acknowledgment that **QUALITY MAKES IT A COLT**.

Yours truly,

R. C. Whitaker
