

SKB OVER & UNDER SHOTGUN ILLUSTRATED

Remarks: The parts numbers shown in this illustration are only for 12 gauge. The numbers for 20 gauges are listed below.

E	COMPONENTS	NUMBER	
		12 GAUGE	20 GAUGE
	Selector spring screw	709015	409015
	Connector guide plate pin	709016	409016
	Connector pin washer	709017	409017
	Connector pin snap ring	709018	409018
			409019
			409020
	Trigger plate	709300	409300
	Trigger plate screw	709301	409301
	Trigger plate screw locking screw for 600, 700 & 800	709302	409302
	Safety button	709500	409500
	Safety button spring	709501	409501
	Safety button spring retaining screw	709502	409502
	Safety button pin	709503	409503
	Trigger lock	709504	409504
	Safety adjusting screw	709505	
	Safety locking nut	709506	
	Trigger guard screw	710001	410001
	Trigger guard for 500	710050	410050
	Trigger guard for 600	710060	410060
	Trigger guard for 700	710070	410070
	Trigger guard for 800	710080	410080
	Forend piece screw (forend wood screw)	711001	411001
	Forend nut	711002	411002
	Forend for 500	711050	411050
	Forend for 600	711060	411060
	Forend for 700	711070	411070
	Forend for 800	711080	411080
	Forend piece	711100	411100
	Forend lever	711101	411101
	Forend lever pin	711102	411102
	Forend lever spring	711103	411103
	Forend lever spring retaining screw	711104	411104
	Cocking lever screw	711401	411401
	Cocking lever spring plunger	711402	411402
	Cocking lever spring	711403	411403
	Cocking lever left	711430	411430
	Cocking lever right	711490	411490
	Stock bolt	716001	416001
	Stock bolt nut	716002	416002
	Stock bolt washer	716003	416003
	Stock bolt spring washer	716004	416004
	Receiver shank	716005	416005
	Receiver tang screw	716006	416006
	Stock for 500	716050	416050
	Stock for 600	716060	416060
	Monte Carlo stock for 600	716061	
	Stock for 700	716070	416070
	Monte Carlo stock for 700	716071	
	Stock for 800	716080	416080
	Monte Carlo stock for 800	716081	
	Butt plate	716100	416100
	Butt plate screw	716101	416101
	Butt plate spacer	716102	416102
	Recoil pad	716103	416103
	Pistol grip cap	716201	416201
			416203
	Metal plate for 600 round	720060	420060
	Metal plate for 700 square	720070	420070
	Metal plate for 800 square	720080	420080

SKB INTERCHOKE SYSTEM

All New SKB Double guns in 12, 20, and 28 gauges are equipped with the SKB Inter-choke system. All SKB Inter-choke tubes are fully compatible with all factory loaded lead and steel ammunition. The new Competition Series (.735 Bore) 12 gauge Model 585, 685, and 885A are equipped with a different version of the SKB Inter-choke system tubes. The new Competition series choke tubes are NOT interchangeable with standard series inter-choke. Both competition series and standard series inter-choke tubes have "notches" on the top of the tube. These "notches" are so that you can see which tube is inserted in your firearm without having to remove it. See the chart listed below for the proper Inter-choke for your shooting needs:

100% STEEL SHOT COMPATABLE-RIM NOTCH CODED

Warning : Always check and make sure that your gun is not loaded before attempting to remove or install a choke tube.

COMPETITION SERIES-12 GA, ONLY

DESCRIPTION	RIM NOTCHES	PATTERN WITH LEAD SHOT	PATTERN WITH STEEL SHOT
TRAP FULL	NONE	TRAP FULL	* *
XTRA FULL	1	XTRA FULL	* *

- * Available in 12 gauge only
- * * Not recommended for use with steel shot

NEW SKB ARMS COMPANY

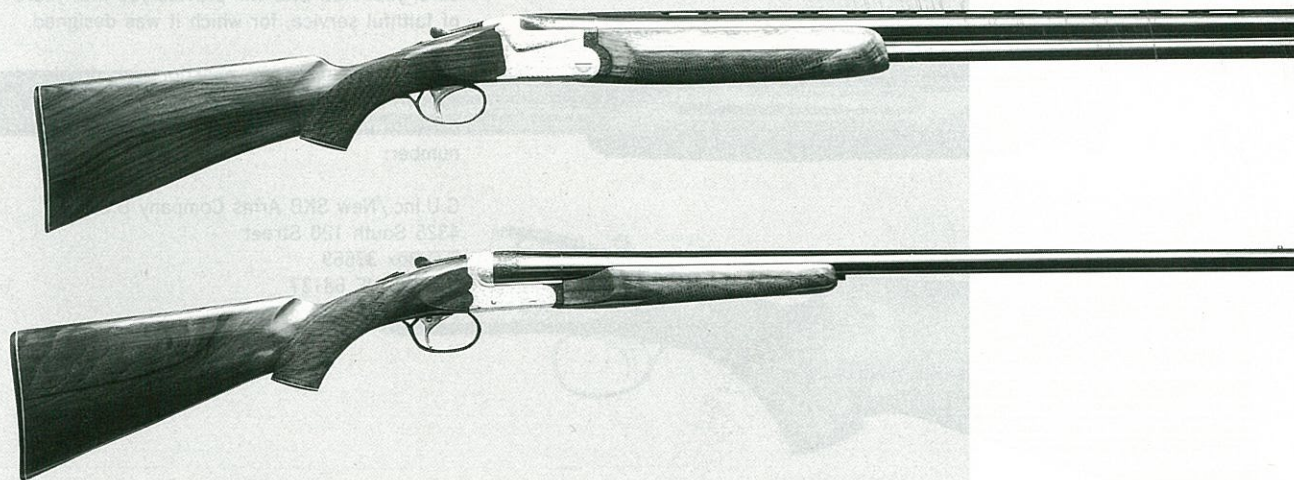

CAUTION

HEED THE FOLLOWING WARNINGS ON GUN HANDLING BEFORE ATTEMPTING TO USE YOUR SHOTGUN.

- * Be sure that the barrels are clear of any obstructions before loading. Make it a habit to check both barrels every time before reloading.
 - * Before setting off on a hunt or starting a round of Skeet or Trap, make sure that you have the proper ammunition. A damaged gun and possible injury to the shooter will result if the barrel is fired. Also, a 3-inch shell will chamber into a 2-3/4-inch chamber, but the crimp at the mouth will unfold into the forcing cone, causing possibly unsafe pressures.
 - * Store guns and ammunition separately, beyond the reach of children.
 - * Never climb a tree or fence, or jump a ditch, with a loaded gun. Open the barrels, remove the shells, and hand the gun to a friend or place it on the ground on the other side of the obstacle before crossing it yourself.
 - * Never place a loaded gun into a vehicle or lean the gun against any object. The gun should be emptied and placed into a case when not in use.
 - * Keep safety on at all times. Move to "OFF" position only when you are sure that a shot is imminent.
 - * While loading or unloading, make sure that the gun is pointed in a safe direction. Keep finger off trigger while operating the action.
 - * Treat every gun as if it is loaded — it may be!
 - * Watch the muzzle at all times; never point the gun, accidentally or while horseplaying, at anything you do not want to shoot. Identify the target before shooting; do not shoot at sounds.
 - * Avoid alcoholic beverages before or during shooting.
 - * If you do not thoroughly understand the proper use and care of your gun, seek the advice of someone you know is competent.
 - * Don't abuse your gun or your hunting privileges.
-
- ** NewSKB Shotgun is manufactured and proof-tested to factory standards.
 - ** NewSKB cannot assume responsibility for damages, injury or defect resulting from alterations by unauthorized persons, use of incorrect or handloads, reloaded ammunition or paper shells.
