

July 23, 1980

This is to confirm that I have sold to you one 4" x 5½" glass (Ambrotype) photograph showing General George Armstrong Custer in full uniform, wearing long hair, with his arm thrust in the front of his jacket. This is mounted in a 6" x 5 3/4" black buckram covered case.

This photograph was purchased by me in 1971 from Major Brice C. Custer. This Ambrotype was passed down through the Custer family and remained in same until purchased by myself. I guarantee this item to be authentic in all respects.

Sincerely,

Greg Martin
